Igor, Welcome to the system CMS! (ADMIN)

Main page All CMS users list Conference catalog Language Logout

Hi

This is admin page.

Administrator can change the user role: make it is administrator, moderator, speaker or participant. Administrator also can deactivate any user profile.

The main admin task is to create the conference.

Українська

English

В процессе работы с системой можно менять язык интерфейса, оставаясь на прежней странице

Меню «All CMS users list»

В меню «Все пользователи системы» возможен просмотр всех пользователей системы разных статусов.

Элементы текста, выделенные зеленым, могут редактироваться.

Реализован механизм разбиения таблицы на фиксированное кол-во строк (pagination)

Заблокированные пользователи выделяются черным цветом и имеют статус “not-active”.

User id	User login	First name	Last name	Email	Role	Status

Изменение роли пользователя

The screenshot shows a web browser window titled "CMS - Chromium" displaying the "Conference Management System". The main page is titled "All CMS users list". A modal window titled "Change the user role" is open, asking the administrator to confirm the change of role for the user "Rewald Storesh". The modal provides three options: "make-as-admin" (red button), "Make as moderator." (blue button), and "Make as speaker." (green button). A yellow callout box with the text "Администратор может изменить роль любого пользователя на любую роль, это его право" (Administrator can change the role of any user to any role, it's his right) points to the "Make as speaker." button.

Igor Malianov 2019

The screenshot shows a web browser window titled 'CMS' running on 'localhost:8080'. The main content is the 'Conference Management System'. A green banner at the top says 'Igor, Welcome to the system CMS! (ADMIN)'. Below it, a blue header bar has links for 'Main page', 'All CMS users list' (which is active), and 'Conference catalog'. On the right are 'Language' and 'Logout' buttons. The main area is titled 'All CMS users list'. A yellow callout box contains the text 'Результат изменений: был «участник», стал «спикер».' (Result of changes: became a speaker instead of a participant). To the right is a table with columns: User id, User surname, User email, User status, and User activity status. The table lists 12 users, each with a unique ID, surname, email, role (e.g., ADMIN, MODERATOR, SPEAKER, PARTICIPANT), and activity status (e.g., active, not-active). At the bottom of the table are navigation buttons for pages 1 and 2, and a 'Search' button. The footer contains the copyright notice 'Igor Malianov 2019'.

Меню «Conference catalog»

The screenshot shows a Chromium browser window displaying the Conference Management System (CMS) at localhost:8080/cms/view/calendar_page. The title bar reads "Activities Chromium Web Browser" and "лис 20 01:58 CMS - Chromium". The main content area is titled "Conference Management System" and displays a welcome message "Igor, Welcome to the system CMS! (ADMIN)". Below this, there is a navigation menu with links to "Main page", "All CMS users list", and "Conference catalog" (which is highlighted in red). On the right side of the menu, there are "Language" and "Logout" options. The main content area is titled "Conference catalog" and contains a table listing four conferences:

Conference id	Start conference date	End conference date:	Conference title	Conference city	Conference place
1	2018-05-20	2018-05-23	JEEConf 18	Kyiv	Mercury Congress Hall
2	2019-08-24	2019-08-27	Devoxx Ukraine	Kyiv	Mercury Congress Hall
3	2019-10-03	2019-10-06	JavaDay	Odessa	Arkadiya
4	2019-12-24	2019-12-27	JavaFest	Kyiv	Mercury Congress Hall

Below the table, there is a yellow callout box containing the text: "В «каталоге конференций» администратор может изменить тему конференции...". Another yellow callout box points to the "Create conference" button, containing the text: "... а также, создать новую конференцию.". The bottom left corner of the browser window shows the copyright notice "Igor Malianov 2019".

Изменение названия

The screenshot shows a Linux desktop environment with a window titled "Change conference title". The window contains a message to the administrator, a confirmation message about changing the conference title, and two input fields for entering the title in English and Ukrainian. A yellow callout box points from the bottom right towards the title input field, containing the text: "Тема конференции изменяется таким образом:" (The conference topic changes in this way:).

Меню «Создать конференцию»

The screenshot shows a Chromium Web Browser window titled 'CMS - Chromium' displaying the 'Conference Management System'. On the left, there's a sidebar with various icons and a 'Conference catalog' section listing four conferences with columns for 'Conference id', 'Start conference date', and 'End conference date'. The main content area has a teal header 'Create conference panel'. It contains a message to the administrator: 'Dear administrator, Here you can create a new conference.' Below this are input fields for 'Start conference date' (mm/dd/yyyy), 'End conference date' (mm/dd/yyyy), 'Conference city eng' (input field), 'Conference city ukr' (input field), 'Conference place eng' (input field), and 'Conference place ukr' (input field). At the bottom are 'Confirm' and 'reset' buttons, and the footer 'Igor Malianov 2019'. A yellow callout box points to the 'Create conference' button on the right side of the page.

Новая конференция
создается таким
образом:

Меню спикера

Каталог конференций спикера

The screenshot shows a web browser window titled "CMS" on a Linux desktop. The page displays a "Conference Management System" interface. A green header bar at the top says "Alex, Welcome to the system CMS! (SPEAKER)". Below it is a navigation bar with links: "Main page", "All CMS users list", "Conference catalog" (which is highlighted in blue), "Inbox", "Language", and "Logout". The main content area is titled "Conference catalog" and contains a table of conference data. The table has columns: Conference id, Start conference date, End conference date, Conference title, Conference city, and Conference place. There are four rows of data:

Conference id	Start conference date	End conference date	Conference title	Conference city	Conference place
1	2018-05-20	2018-05-23	JEEConf 18	Kyiv	Mercury Congress Hall
2	2019-08-24	2019-08-27	Devoxx Ukraine	Kyiv	Mercury Congress Hall
3	2019-10-03	2019-10-06	JavaDay	Odessa	Arkadiya
4	2019-12-24	2019-12-27	JavaFest	Kyiv	Mercury Congress Hall

Two yellow callout boxes with black borders are overlaid on the page. The left box contains the text "Каталог конференций выглядит так:" (The conference catalog looks like this). The right box contains the text "Элементы текста, выделенные зеленым, могут редактироваться." (Text elements highlighted in green can be edited).

Выделение ячейки

A screenshot of a Chromium Web Browser window displaying the "Conference Management System". The page shows a "Conference catalog" with a table of four conferences. A yellow callout box with a black border and rounded corners is overlaid on the table, containing the text: "Элементы текста, на которые наведен курсор, выделяются серым." (Elements of the text, on which the cursor is hovering, are highlighted in gray). The cursor is visible over the text "2019-12-27" in the fourth conference's start date field. The table has columns: Conference id, Start conference date, End conference date, Conference title, Conference city, and Conference place.

Conference id	Start conference date	End conference date:	Conference title	Conference city	Conference place
1	2018-05-20	2018-05-23	JEEConf 18	Kyiv	Mercury Congress Hall

Расписание конференции

The screenshot shows a web browser window titled "CMS" on a Linux desktop. The URL is "localhost:8080/cms/view/change_program?conference_change_id=1". The page title is "Conference Management System". A green header bar says "Alex, Welcome to the system CMS! (SPEAKER)". The main content area is titled "Conference schedule by days". It shows a table with four rows of seminar data for "Day-1". A yellow callout box points to the table with the text: "Спикер может увидеть перечень семинаров по дням, для любой доступной конференции".

Seminar id	Conference day	Seminar time	Seminar title	Seminar speaker	Seminar room
1	1	9:00-10:45	Welcome to Devoxx: practical info>	Stephan Janssen	1A
2	1	11:00-12:45	The Hitchhiker's Guide to Diversity (Don't panic!)>	Audrey Neveu	1B
3	1	13:00-14:45	Quo Vadis Java? > How to Be an Effective Architect>	Venkat Subramaniam	1C
4	1	15:00-16:45	Evolving a Pragmatic Architecture - A Craftsman's Guide>	Victor Rentea	1A

Спикер может увидеть перечень семинаров по дням, для любой доступной конференции

Igor Malianov 2019

Уведомления спикеру (почта)

The screenshot shows a Chromium browser window displaying the Conference Management System (CMS) interface. The main title bar reads "Conference Management System". On the left, there's a vertical sidebar with various icons. The main content area shows a table for "Conference schedule" with columns for "Seminar id" and "Conference". A modal window titled "Inbox" is open, listing four notifications:

- Mike - Moderator**: Your seminar topic has accepted!
- Jill - moderator**: You have recommended to new seminar.
Buttons: Confirm (green), Decline (red)
- Jane - moderator**: Be prepared for tomorrow seminar
- Jill**: Welcome to speaker casta!

A large yellow callout box with a black border and a yellow arrow points from the text "Спикер может получить письма/уведомления от модератора" (Speaker can receive messages/notifications from moderators) to the "Inbox" modal.

At the bottom of the browser window, it says "Igor Malianov 2019".

Уведомления спикеру (почта)

The screenshot shows a Chromium browser window titled "СУК - Chromium" displaying a conference management system interface. A modal dialog box titled "Вхідні" (Inbox) is open, listing several notifications:

- Mike - Moderator: Тема вашого семінару прийнята!
- Jill - moderator: Ви рекомендували провести новий семінар.
- Jane - moderator: Будьте готові до семінару завтра
- Jill: Ласкаво просимо до касті спікеров!

Buttons at the bottom of the dialog are "Підтвердіть" (Confirm) and "Відклонити" (Reject). To the right of the dialog, a sidebar shows "Місце конференції" (Conference location) as "Меркьюри Конгрес Холл". A yellow callout box points from the text "Спикер может получить письма/уведомления от модератора (тоже самое, на другом языке)" to the Jill notification in the dialog.

Спикер может получить письма/уведомления от модератора (тоже самое, на другом языке)

Mike - Moderator
Тема вашего семинара принята!

Igor Malianov 2019

Расписание конференции

A screenshot of a Chromium Web Browser window titled "CMS" displaying the "Conference Management System". The URL is "localhost:8080/cms/view/change_program?conference_change_id=1". The page shows a welcome message "Aleksandr, Welcome to the system CMS! (PARTICIPANT)". The main content is a table titled "Conference schedule by days" for "Day-3". The table has columns: Seminar id, Conference day, Seminar time, Seminar title, Seminar speaker, and Seminar room. The data is as follows:

Seminar id	Conference day	Seminar time	Seminar title	Seminar speaker	Seminar room
9	3	9:00-10:45	Kotlin Under the Hood>	Mohammed Aboullaite	1A
10	3	11:00-12:45	Understanding What Artificial Intelligence Actually Sees>	Quentin Adam	1B
11	3	13:00-14:45	Agile is STILL a Dirty Word!>	Peter Aichinger	1C
12	3	15:00-16:45	Evolving Java for the Serverless Era with Micronaut>	Tobi Ajila	1A

Below the table, a yellow callout box contains the text "Выглядеть это будет так". The browser interface includes a toolbar, a sidebar with various icons, and a status bar at the bottom.

Выводы:

Из всех задач, которые я реализовывал, эта задача является самой интересной и объемной, вероятно по этой причине она не реализована до конца.

Программу ожидает кардинальный рефакторинг (или то, чего не хватает):

- Будет добавлена возможность переписки между участниками конференции;
- У каждого участника будет анкета с фотографией;
- Недостающий функционал из базового функционала также, будет реализован (рейтинг, бонусы...);
- Программа будет покрыта тестами;
- Будет реализован механизм логирования;
- Для каждой конференции своя web-страница.
